

A wide-angle photograph of a campus landscape at sunset. The sky is filled with soft, wispy clouds in shades of blue, orange, and yellow. In the foreground, there is a large, well-maintained green lawn. In the middle ground, a paved road or driveway curves through the scene. To the left, a flagpole stands with a flag flying. In the background, a large, multi-story brick building with a dark roof is visible, along with some trees and landscaping. The overall atmosphere is peaceful and serene.

Message from a Lord Fairfax Community College Student and Scholarship Recipient

Dear Donors of the Lord Fairfax Community College (LFCC) Educational Foundation Inc.:

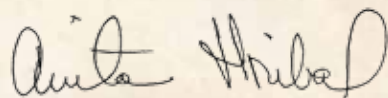

In December of 2008, I became one of several thousand Americans who lost their job. As a single mother of three, I was unsure what I would do. I would not be able to make enough to support my family. What do I do? Do I seek employment that would enable me to care for my children now? Or further my education and obtain a degree in nursing, enabling me to provide a future for them as well?

Doubt and fear began to emerge, as I had not set foot in a college classroom in quite some time. My mind was overrun with thoughts like "Can I do this?" "Am I too old?" I had taken a few classes while in the military, but when I became a new mother, I could not see adding an education to the equation. My trepidation evolved into anticipation and I decided to take that first step — the most fearful one of all — and apply to LFCC. When I found out that I was awarded a scholarship, I was thrilled, as this was putting me yet another step closer to achieving my career goals.

My longtime desire is to help others and to make a difference in my little corner of the world. I believe that I can do that as a nurse.

The generous donor who made my scholarship possible gave me a helping hand as would a friend enabling me to venture into the unknown. Now, instead of being fearful, I look forward to every step with excitement and expectation. Just as this donor's kindness changed my life, so, too, have your donations. Whether donating money for scholarships, classroom equipment or student activities, every dollar helps make us better learners, students and employees.

Sincerely,

A handwritten signature in cursive script, appearing to read "Anita Hribal".

Lighting the Way

Following are a few of the top gifts received in 2009:

L FCC alumnus Diane Lewin continues to contribute funds toward the Dolores Lewin Stryker Health Professions Scholarship Fund, which she established in her sister's memory. The scholarship is awarded to LFCC students enrolled in the Associate of Applied Science Degree in Nursing Program or the Certificate in Practical Nursing Program. Lewin credits her experience at LFCC for her personal and professional growth:

“In 1986, as a single mother in my late thirties, I enrolled at LFCC. I was so nervous before my first class that I had to stop the car on the way there to reassure myself that I was doing the right thing. All of my anxiety was quickly put to rest. I found the welcoming, diverse student body and faculty fostered an environment of inclusion rather than exclusion.

The education and self-esteem I received in the supportive atmosphere at LFCC – with the kind and personal attention of the professors – allowed me to become a self-confident, professional and productive member of the community.”

Upon earning a degree in business administration from LFCC, Lewin went on to earn her bachelor's in business administration. “Attending LFCC gave me the tools I needed to become successful. I am committed to making certain other potential students are able to receive the same exceptional level of education that I did,” she said.

Foundation Highlights

Dr. Morgan Phenix, LFCC's dean of learning for humanities, mathematics and social sciences established the Dr. Philip and Gena Phenix Endowed Scholarship in 2007, in memory of his parents and their love of education. Dr. Phenix said the following about his donation.

"I want to support students in Page County on their journey – their personal quest. My personal relationship with Page County and LFCC has been most rewarding and I am grateful to be able to give something back. Giving provides an exponential increase through the lives of others – often in unseen and unanticipated ways. What exciting rewards!"

Dr. Phenix, who represented Page County as a member of the College Board, was the principal at Page County High School for 16 years before coming to LFCC. His father, Philip, was the Arthur I. Gates Professor Emeritus of Philosophy and Education at Teachers College at Columbia University. He taught education, philosophy, physics and theology. Dr. Phenix's mother was a faculty member at Barnard Columbia as well as a musician, scholar and spiritual counselor.

The Winchester Rotary Club contributed funds toward the Winchester Rotary Club Scholarship, which is awarded to LFCC students who live in Clarke County, Frederick County or the City of Winchester. Since 2005, four scholarships have been awarded to LFCC students who might otherwise have been unable to attend college. The scholarship award is not to exceed \$3,000 and is divided between the spring and fall semesters.

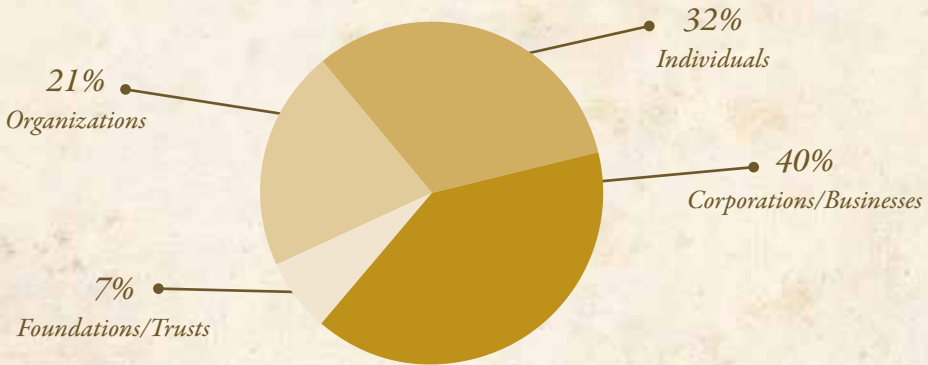

In addition to these scholarships, which are funded by Rotary but awarded through the college's financial aid office, Rotary has awarded numerous scholarships and loans directly to applicants who apply for aid to the committee. An application for such aid is available on the club's website: www.winchesterrotary.com.

The 2009 Foundation Appreciation Dinner provided a wonderful opportunity for donors who established scholarships to meet the students to whom they were awarded. During the event, a video highlighting donors, employees, Foundation Board members and students was shown. LFCC president Dr. Cheryl Thompson-Stacy; Foundation Board Chair Mark Pangle; and LFCC student and scholarship recipient Anita Bennett addressed the approximately 150 attendees.
